To whom it may concern,

Patient, Daniel Mascolo, requires a parking permit due to his ongoing physical therapy requirement. Patient currently attending physical therapy twice a week.

Patient is status post a lateral ankle stabilization procedure and continues to have loss of function and symptoms regarding his postoperative course. Patient continued to experience pain and disability due to his reduced range of motion and symptoms with prolonged walking.

Patient will need the ability to have a car on campus to allow him to attend weekly physical therapy appointments.

Sincerely,
